Science, Technology, Engineering, Arts, and Math

VISION

The vision of Palo Verde High Magnet School is to graduate all students who enter this school with skills, knowledge, and critical thinking abilities that can be applied to a choice of college, university, technical program, or career path, in order for them to compete and succeed in a global economy.

MISSION

The magnet mission is to strengthen and engage student learning through comprehensive curricula, which creatively integrates Science, Technology, Engineering, Arts, and Mathematics.

We exist to provide high quality instruction in all curricular areas in a safe and encouraging environment. Students, staff, parents, and the larger community are bound together to develop a climate where diversity is appreciated.

AVID

ADVANCEMENT VIA INDIVIDUAL DETERMINATION

Regardless of their life circumstances, AVID students overcome obstacles and achieve success. They graduate and attend college at higher rates, but more importantly, they can think critically, collaborate, and set high expectations to confidently conquer the challenges that await them.

AVID's mission is to close the opportunity gap by preparing all students for college readiness and success in a global society.

Ms. Miller
AVID Teacher and Coordinator
