

PALO VERDE HIGH MAGNET SCHOOL
1302 S AVENIDA VEGA
TUCSON, AZ 85710
520-584-7400

July 2022

Dear Students and Families:

Welcome to the 2022-2023 school year! I hope that you had a great summer and are ready to learn, grow, challenge yourself, and succeed. I can't wait to see everyone's smiling faces walk through Palo Verde's doors on August 4th. Our dedicated staff is working hard to prepare for another amazing school year, building on the success and accomplishments of last year.

Our primary focus continues to be on 21st Century Skills and Arizona's College and Career Ready Standards. We consistently use data to inform our instruction, while implementing research-based instructional strategies aimed to increase student achievement. Palo Verde prides itself on providing social and emotional learning for enhancing connections and creating an intentional sense of belonging, with many opportunities for our students to grow and shine.

PV's teachers provide a comprehensive and rigorous education with opportunities to learn, accelerate, or re-learn material. Our students can take advantage of extra help through tutoring before and after school, on the weekends, and through conference periods built into the day. At home, parents/guardians can support us by checking on students through TUSD's ParentVUE at: <https://parent.tusd1.org/>. Here, parents/guardians have access to attendance and grades, as well as links to the teachers' email addresses. With the information from ParentVUE, you can follow up on missing assignments, projects and tests, and help direct your student to tutoring or conference periods, when needed.

We have some additional great news for this year! PVHS is a CEP school, or Community Eligibility Provision making meals free to ALL students enrolled based on the percentage of students that automatically qualify for free meals at PV.

- We will resume pre-pandemic meal service ringing in all meal transactions at the point of sale.
- Our students will need to scan their ID's or scan the QR code in StudentVUE if they have a phone.

As the start of the school year approaches, I hope you are excited and optimistic about what we can accomplish together! I would like to encourage everyone to get as involved as you can – this goes for students, as well as families. Palo Verde has a strong sense of community, and we'd like that tradition to continue. It is my sincere hope that we will work together as a team to provide our Titans the best possible high school experience that will prepare them for the future.

Please feel free to contact us to discuss any concerns, suggestions you might have, or ideas that can help make our high school the premier east side high school in TUSD.

Respectfully,

Eric Brock
Principal
PV Class of 1995
